STYLE GUIDE *for* CHRISTMAS EVE

Thank *YOU* for serving with our ministry for Christmas Eve Services. As you plan your attire, we'd love to give you some gentle reminders!

Busy patterns are distracting & also look bad on camera. Aim to wear solids and darker, more nuetral colors.

Ladies, please be sure to inspect your outfit for any potential distractions or wardrobe malfunctions.

Let's look clean, sharp, presentable, and professional. We don't want to look as if we just we just rolled out of bed, but that we care about leading worship.

Let's bring our best, even in how we dress. Iron your clothes.

While alleviating distraction, be sure that you feel comfortable worshipping, moving, jumping, etc. in your outfit includimg your shoes.
